

Mayday

Imagine Dragons

Move my hips
They seem to shake a bit of golden stitch
I see you movin' like a model
I-I-I-I just am stuttering lately
I-I-I-I wanna capture all the people dance
I think I'm living in a disco trance
I see you move like a model
I-I-I-I just stuttering am lately
I-I-I-I shake a finger

Oh it's such a shame to see
I get up, I get up
I'm just waiting to fly away
This seems insane to me
I get up, I get up
I wonder why they all cry mayday

Read my lips
I never needed all your double dips
I see you move like a model
I-I-I-I'll just keep stuttering lately
I-I-I-I wanna capture all the people think
I wanna see who is the last to blink
I see you move like a model
I-I-I-I just keep stuttering lately
I-I-I-I shake a finger

Oh it's such a shame to see
I get up, I get up
I'm just waiting to fly away
This seems insane to me
I get up, I get up
I wonder why they all cry mayday

I believe in sayin'
Everything I needed
Tell me all the reasons
Tell me all the answers
Shout it to the masses
Give me all the pieces
Everything you want
Everything I needed

Oh it's such a shame to see
I get up, I get up
I'm just waiting to fly away
This seems insane to me
I get up, I get up
I wonder why they all cry

Oh it's such a shame to see
I get up, I get up
I'm just waiting to fly away
This seems insane to me
I get up, I get up
I wonder why they all cry mayday
