## Don't Be so Shy

Don't be shy Don't be shy Don't be shy Don't be shy Take a breath Rest your head Close your eyes You are right Just lay down Turn my side Do you feel my heat On your skin Take off your clothes Blow out the fire Don't be so shy You're right You're right Take off my clothes Oh bless me father Don't ask me why You're right You're right Home, I stay I'm in, come in Can you feel my hips In your hands And I'm laying down By your side I taste the sweet Of your skin Take off your clothes Blow out the fire Don't be so shy You're right You're right Take off my clothes Oh bless me father Don't ask me why You're right You're right In my heart dress Raise so much faster I drawn myself in holy water And both my eyes Just got so much brighter And I saw God Oh yeah so much closer In the dark I see your smile Do you feel my heat

On my skin

Take off your clothes Blow out the fire Don't be so shy You're right You're right

Take off my clothes Oh bless me father Don't ask me why You're right You're right

Take off my clothes Blow out the fire Don't be so shy You're right You're right

Take off my clothes And bless me further Don't ask me why Don't ask me why Don't ask me why
