

There Might Be

Imany

There might be someone, someone you need to know
There might be someplace, someplace you need to go
There might be something right outside your window
It could be the wind shaking your own shadow

But just know I'm standing back there
You can go I'm not even scared, woh oh
Who oh

I let go of, all your troubles
Goodbye sorrow and hello freedom
All the sadness, the anguish and distress
I leave behind with all the rest

There might be something, something you need to do
There might be someplace that you need to go through
There might be a reason for you to feel so blue
It could be someone who broke your heart in two

But just know I'm standing back there
You can go I'm not even scared, woh oh
Who oh

I let go of, all your troubles
Goodbye sorrow and hello freedom
All the sadness, the anguish and distress
I leave behind with all the rest

And
I let go of, all your troubles
Goodbye sorrow and hello freedom
All the sadness, the anguish and distress
I leave behind with all the rest

Who oh who oh who oh who oh...

And
I let go of, all your troubles
Goodbye sorrow and hello freedom
All the sadness, the anguish and distress
I leave behind with all the rest

Yes
I let go of, all your troubles
Goodbye sorrow and hello freedom
All the sadness, the anguish and distress
I leave behind with all the rest
I leave behind with all the rest
