Imelda May

No matter where I go, my love  
We'll never be apart  
You're dear to me and will always be  
No matter where I go, my love  
We'll never be apart  
You're dear to me and will always be  
Forever in my heart

Oh, you are the weight to me  
The tail to my kite  
Let me drift high as I can see  
But never out of sight

Like a gypsy, just a Roma gypsy  
Traveling is what I do  
It's a cowgirl's dream  
But no matter where I've been  
I've never met anyone like you  
I've never met anyone like you

You hold me tight but never doubt  
You let me wander free  
But at dead of night by your side  
Is the only home for me

Oh, buses and trains, slow to desert plains  
Take me far away  
But a horse who knows where the battle goes  
Never longs to stray

Like a gypsy, just a Roma gypsy  
Traveling is what I do  
It's a cowgirl's dream  
But no matter where I've been  
I've never met anyone like you  
I've never met anyone like you

Like a gypsy, just a Roma gypsy  
Traveling is what I do  
It's a Cowgirl's dream  
But no matter where I've been  
I've never met anyone like you  
I've never met anyone like you
