

Walk You Home

Immature

Yo its Romeo
Yeah and Immature's back on
And we doin' it like this
Uh yeah...
A yo Batman be right here

Let me walk you home from school
And do the little things I want to do
Let me walk you home from school
And do the little things I want to do

Baby would you be mine
I've never seen no one
Let loose like you
Hold my hand
Come walk with me
Baby baby baby you can see
I am the key

Let me walk you home from school
And do the little things I want to do
Let me walk you home from school
And do the little things I want to do

Because its time to be
More then just friends
Just you and me
I want to be your man
Come stroll with me
I want to walk you home
'Cause there's lots of things to see

Romeo, Romeo here I go
I want to walk you home so you know so you know
There's things to be done hun
For fun hun
Yo momz, I'm not your son honey-bun
I want to walk up your stairs real sneaky
Romeo's gonna get real freaky
Romeo Romeo I hear you screaming my name

Let me walk you home from school
And do the little things I want to do
Let me walk you home from school
And do the little things I want to do
