

Broken Love

Imminence

I am broken, messed up, getting through it
I am busted, patched up, scared to do this

I'll give you a mountain, I'll give you a shipwreck
I'll drag you through heaven and take you to hell
Take my helpless, take my hopeless
Take my sorry, take my broken love

Take it, take it, take it
Take it, take it, take it
Take my broken
Take it, take it, take it
Take it, take it, take it
Take my broken love
Take my broken love

I am empty, hollow, going nowhere
I am lonely, haunted some place elsewhere

I am a ghost town, I am a breakdown
I am a burnt down village
I am a lost ship, I am a guilt trip
I am a bitter message

Take it, take it, take it
Take it, take it, take it
Take my broken
Take it, take it, take it
Take it, take it, take it
So take my broken love
Take my broken love

Take my broken love

Crush me in your arms
Kill me with your eyes
Hang me by the neck
Drag me by the tongue
Crush me in your arms
Kill me with your eyes
Hang me by the neck
Drag me by the tongue

I'll give you a warning I am a bombshell
I'll drag you through heaven and take you to hell
Take my helpless, take my hopeless
Take my sorry, take my broken love

Take it, take it, take it
Take it, take it, take it
Take it, take it, take it
So take my broken love
Take my broken love

Take my broken love
