

Continuum

Imminence

Into the fray
I curse this fate
The pain remains
Tragedy awaits
For those who dwell In the shadows
Born in fear
Come hell or high water
Kneel to the altar
Death to my woes

Chasing time
Under the sun
'Til Kingdom come
Chasing time
Blackened heart
Feed the dark

Midnight falls upon me
Darkness conceal my fate
Gazing into nothing
Death is a constant

Chasing time
Under the sun
'Til Kingdom come
Chasing time
Blackened heart
Feed the dark

Chasing time
Under the sun
'Til Kingdom come
Chasing time
