

Erase

Imminence

It washes over me
Grabs a hold on me
It takes in deep
And I can hardly breathe
The waves are crashing in
The tide is going to pull me back in

It's like the weight of it all
Comes from a chain
That I can't seem to break
And I can't seem to face
What I cannot escape

Erase, erase it all
Tear down the walls
Erase
Someone tell me how to change the dark
Erase these thoughts
It burns in my heart
Erase, erase it all

The flood is coming in
And I don't know how long before I give in
Let the current take me

The weight of it all
Comes from a chain
That I can't seem to break
And I can't seem to face
What I cannot escape

Erase, erase it all
Tear down the walls
Erase
Someone tell me how to change the dark
Erase these thoughts
It burns in my heart
Erase, erase it all

Someone tell me how to change the dark
And turn the light on
So turn the light on
Turn the light on
So turn the light on
Turn the light on

Turn the light on
Turn the light on
Turn the light on
Turn the light on

Tell me how to change the dark
Erase these thoughts
It burns in my heart

Ease, erase it all
Turn down the walls

Erase it all
And turn the light on
Turn the light on
