

Lighthouse

Imminence

Searching for a light
In the darkest of night
We bury our fears
And try to keep quiet
But the anger inside
Is blinding our eyes
Light a spark and let it burn
Keep the flame alive
Let it burn
A lighthouse in the ocean

Can you
Can you save me
Before it's too late
'Cause I can't break free
From this hell inside of me

Before it's too late
Between heaven and hell
I've been here before
Tear me apart
I don't care anymore
Throw my heart
To the wolves at the door
Light a spark and let it burn
Keep the flame alive
Let it burn
Before it's too late

Can you save me
Before it's too late
'Cause I can't break free
From this hell inside of me
Before it's too late
'Cause I can't break free
From this hell inside of me

The fault is my own
I stand here alone
Begging for answers that I need to know
How can I let go

The fault is my own
I stand here alone
Begging for answers that I need to know
How can I let go

Can you save me
Before it's too late
'Cause I can't break free
From this hell inside of me
Before it's too late
'Cause I can't break free
From this hell inside of me
