

Paralyzed

Imminence

That feeling is creeping in
Deeper and deeper into my skin
Got a shadow on my soul
And time is taking its toll

I'm alone in my head
With something wishing me dead
It's like I'm hanging by a thread
When the darkness is near
It's like I'm drowning in fear
Everything is up in the air

Tell me something about paradise
'Cause I can't help feeling paralyzed
Paralyzed
Paralyzed

That feeling is creeping in
Deeper and deeper into my skin
The void inside
Is haunting me

Tell me something about paradise
'Cause I can't help feeling paralyzed
Paralyzed
Paralyzed

Paralyzed
Paralyzed

Paralyzed

The void inside
Is haunting me
The void inside
Is haunting me

Is haunting me

Tell me something about paradise
'Cause I can't help feeling paralyzed
Tell me something about paradise
'Cause I can't help feeling paralyzed

Paralyzed
