

Proclaim

Imminence

It's time for me to go
I wanted to let you know
Close your eyes, that's where I'll be
Please, don't forget me

More than my lungs can spare
More than my legs can bear
I've stopped breathing air
I'm no longer there

I need you to take my bones
Burn them, put them
Under a stone
I can't do this on my own

I know you're there
Please, call my name
Call my name
I know you're there
Please, call my name
I'm still in terms with finding you

When it all has gone up in flames
When our lives has been proclaimed
There's only one thing that remains
Please, don't forget my name

I know you're there
Please, call my name
Call my name
I know you're there
Please, call my name
I'm still in terms with finding you

I need you to take my bones
I need you to take my bones
Burn them, put them
Under a stone
You're the only one I've ever really known

It's time for me to go
I wanted to let you know
Close your eyes, that's where I'll be

Please, don't forget me
Call my name
Please, don't forget me
Please, don't forget me
