

Scars

Imminence

What do I do
It seems like life is out to get me
What can I say
If all the answers run around me
Can't believe the worst is all behind me
I'm running around in circles
And what goes around
Comes around and around

I am not a weakness
I am not a failure
I don't need to do this
On my own

Take everything
That hurts the most
Turn it around
And burn it to the ground
I'm gonna take it all
Throw it out the door
Something will bleed tonight
And it won't be my scars anymore

I kept it locked inside
And threw away the key
I buried my heart
And now I can't set it free
Or leave it all behind me
I'm running around in circles
And what goes around
Comes around and around

I am not a weakness
I am not a failure
I don't need to do this
On my own

Take everything
That hurts the most
Turn it around
And burn it to the ground
I'm gonna take it all
Throw it out the door
Something will bleed tonight
And it won't be my scars anymore
Something will bleed tonight
And it won't be my scars anymore

What goes around comes around comes around
What goes around comes around comes around

Take everything
That hurts the most
Turn it around
And burn it to the ground
I'm gonna take it all
Throw it out the door

Something will bleed tonight
And it won't be my scars anymore

Something will bleed tonight
And it won't be my scars anymore
Something will bleed tonight
And it won't be my scars anymore
