

## Above All

## Immolation

I am the Father  
I am their sun  
See how they crawl to me  
Our visions one  
Sin for me... To raise us all

I am the Devil  
I am their God  
I hold the power  
I hold their hearts  
Die for me... Raise me above all

Take of my body, my blood, and my soul  
I'll grant your greatness  
And elevate you beyond all you know

I gave you purpose...  
I showed you the way  
You owe me allegiance...  
You'll owe me much more  
Soon I'll call upon you to step into the dark  
Perish for me or perish eternally

Our time has come to take what's ours  
Fight like you've never fought before

Lead my charge, deny me nothing  
Terror in its purest form  
Deny them mercy  
And show them how death truly feels  
Shattering mountains  
Blacken the earth  
Destruction of all that they know

The smoke has cleared  
The air lies still  
This carnage before me  
Will grant me triumph's crown

A new day has dawned  
I am the one  
The world is now mine  
My kingdom has come
