

## Painless Execution

## Immortal Disfigurement

Pray for a painless execution

Wave of annihilation  
Seed of catastrophe  
Embark an abomination  
Where the whole world suddenly falls to its knees  
The taste of agony  
I want you to feel everything  
Immorality swelling like a disease  
With no fear of repercussion or sense of consequence

Pray for a painless execution  
Removing their tongues so they can no longer speak  
Your sorrow is useless  
Repenting blasphemy

Devour depraved  
Disgrace coursing through their veins  
The taste of agony  
I want you to feel everything  
Immorality swelling like a disease  
With no fear of repercussion or sense of consequence

Fuck  
The first taste of agony  
I want you to feel everything

Pray for a painless execution  
Removing their tongues so they can no longer speak  
Your sorrow is useless  
Repenting blasphemy  
I want you to feel everything

Agony impalement  
Bow your worthless head in shame  
Pray that you pass out  
Pass out from the pain  
Pray for a painless execution

Pray for a painless execution  
Removing their tongues so they can no longer speak  
Your sorrow is useless  
Repenting blasphemy

Devour depraved  
Disgrace coursing through their veins  
Devour depraved  
Disgrace coursing through their veins  
A wave of annihilation  
The seed of catastrophe  
Fall to your knees
