

There Is No Light

Immortal Disfigurement

A shrine of serpents entangling sheep
Paving the way to this grim demise
Power has been given to the incorrect hosts
So pathetic, yet damaging this earth the most

Weak world
Every offered torch gets turned to ice
You can't offer warmth
Where there is no light
There is no light

The path we are headed is bleak and desolate
Hopeless and malevolent
Yet you still can't wake up and admit it
This cold earth can only freeze so much until it
Shatters down the center, turning us all to dust
How did we let it come to this?
So much fucking ignorance
I see the end making its ways in the distance
My god we deserve it

The loudest of sheep are not to be trusted
Hypocritical contradictions festering within
As they collect in higher numbers, lies ahead destruction
They have no remorse set on this violent war of chaos
Corrupting everything in their path
Peel back their cloaks and reveal
Their blackened eyes and serpent skin

Weak world
Every offered torch gets turned to ice
You can't offer warmth
Where there is no light
There is no light

How did we let it come to this?
So much fucking blatant ignorance
I see the end making its way in the distance
My god we deserve this extinction
We deserve it
We deserve it

I'd rather suffocate in the ground buried in the dirt
Than share the same air
As the roaches that walk this earth
There is no fucking light
Weak world, weak minds
Strike us down
There is nothing left
A failed breed of pestilence
Yet you still can't admit it

Weak world, weak minds
There is no hope
Where there is no light
Weak world, weak minds
There is no hope

There is no light
Strike us down
There's nothing left
A failed breed of pestilence

A shrine of serpents entangling sheep
Paving the way to this grim demise
This cold earth can only freeze so much until it
Shatters down the center, turning us all to dust
Turning us all to dust

Weak world
Every offered torch gets turned to ice
You can't offer warmth
Where there is no light
There is no light
Weak world
Every offered torch gets turned to ice
You can't offer warmth
Where there is no light
There is no light

Weak world, weak minds
Strike us down
There is nothing left
A failed breed of pestilence
Pathetic sheep set on chaos
There is no hope and
There is no fucking light
There is no fucking light
