

Wintermetal

Immortal Souls

"Why deny reality, we live in immortality" [- Immortal 1991]

In the year 1991, is where this journey began

Wintermetal forever!

"Riding down the mountain of my own emotion, everything feels so unreal" [- Hate Sender 1994]

From a small town at Pohjanmaa, to capitals of the world

We heard the call of Wintermetal

We heard the call of forever

We heard the call of Wintermetal

We heard the call

And now we all

In the eyes of the world

Stand alone

"As I walk through the masses of snow at this frostbitten winter night" [- Snow Soul 1997]

Unite we stand and strong is our will,

nothing can bring us down

Wintermetal is forever!

"Cold (January) morning at the northern land, white frost embraces the dawn" [- Frostmind 1999]

Listen! Can you hear what I hear; it is the sound of salvation

We heard the call of Wintermetal

We heard the call of forever

We heard the call of Wintermetal

We heard the call

And now we all

Are standing strong

Forevermore
