

Blizzard Beasts

Immortal

Music: Abbath / Demonaz

Lyrics: Demonaz

Wintriness lurk within enlocked realms
Strenght beheld our demonthrone
Supernal journeys from the shrine
Beyond the spiritside
Yearing in beastworlds tide
Blackening watchers with meastrly pride
We rise the demonside
Winters spread by blizzard beasts
Wait no more centuries we have become
Triumphant sons of an ice age's blast
Echoes of our shadowed age
Above the winters masters rage
Convoke nebular dimensions
As real as the realms we ride
With non above and non at side
Yearing the beastworlds tide
Blackening the lands with might
Benighted watchers with masterly pride
We hold the demonside
Wintriness lurk within enlocked realms
Strenght beheld our demonthrone
Supernal journeys from the shrine
Beyond the spiritside
