The rising moon so bleak and old Its darkened grin poisons my soul Mist pledges the darkness I ride this night - lustful with pride The lurking mist appears out here Breaths of evil fire through the snow This cloudless night smells of fear Keep my soul - dark and cold The rise of darkness in my sight Black forces bound to the moon Shadows creep under my skin Smell of fear - darkness is here All evil lurk under bleak skies Undead and restless are their souls Hatred lust aligned by the signs Blackened night - darkness rise Burning eyes watching upon me From the dark haunting side Caught between mighty winds Kingdom of evil find Demonic in this realm I haunt marked by the sign Caught between mighty winds Kingdom of evil find From the woods I see the rise of darkness In its deeps I'm on the other side From the woods I see the rise of darkness In its craft I'm on the other side
