

# Wargod

## Immortal

Son of thunder  
Wrath and might  
Steelstrong hands  
Warlord above men

Feared by mortals  
Blashyrkh's own  
Eternally grim  
The one to rule the raventhron

Mighty shadow  
Chaos god  
Born to conquer  
From the land north of all

I am immortal  
Battle sworn  
One true warrior  
The sons of northern darkness rule

Who dwell the mighty raven's dark  
Wargod has the blood of the gods  
Wargod, to sit on the throne  
Wargod, a force in league with Blashyrkh

Wrath of the gods  
Uphold the might  
Strength of the beast  
Warrior mind

For the mighty mountain will stride  
Born of fire, steel and pride

In the mighty halls sits thy dark gods  
Behind the walls, the frozen crown

For the mighty throne will stride  
Reign supreme beneath the sky  
For the mighty throne will stride  
Born of fire, steel and pride

Wargod

Son of thunder  
Wrath and might  
Steelstrong hands  
Warlord above men

Feared by mortals  
Blashyrkh's own  
Eternally grim  
The one to rule the raventhron

Dwell the mighty raven's dark  
Wargod, the one to sit on the throne  
Wargod, the one immortal
