

## Hostis Humani Generis

### Impaled Nazarene

Eternal quest for enlightenment  
Rapture is what you keep looking for  
Here mentality controlled by idiots

You are like a human version of hemorrhoids  
If you choke one, three more pop up  
Blindly believing brainwashed retards  
Hostis humani generis, that is what you are

Deny every possible science proven fact  
Rewrite fairytales, modernize them  
Cross your fingers that sheep will eat them up

You are like a human version of hemorrhoids  
If you choke one, three more pop up  
Blindly believing brainwashed retards  
Hostis humani generis, just fucking die

Fuck off and die!
