I Wage War

Impaled Nazarene

Tree hugging hippies Spoonfed scum You worship Che Guevara Your politics are sick

I wage war against your world Will you live to see the end?

Pteromys volans crap Blocks the way to progress Two step forwards And three steps back

I wake war against your world Will you live to see the end?

Downhill since '88 There is no future for green generation

How can this country ever to develop When you are forcing your sickening ideology

I wage war against your country You won't live to see the end!!!
