

## Prequel To Bleeding

Impaled Nazarene

It is about the power of the hand,  
the power of the man  
Mastering your mind  
It is about stimulation,  
that of a firm grip  
How to use your hands  
It is about imagination  
and lustful frenzy  
It is about being aroused

I have been wanking  
since the age of four  
Way before I discovered  
the angel rectums

Then the scent of angels  
entered my life  
It drove me to depravity  
This need to dominate,  
to enslave all of them  
To make them call me daddy  
The power of domination,  
to force-feed my sperm  
To fuck these heavenly creatures

I have been wanking  
since the age of four  
Way before I discovered  
the angel rectums

Then I realized, I can crucify  
The angel rectums with my own cock  
That was the moment  
my life became complete  
The first time I made  
the angel rectums bleed

I just want to drown you in my sperm  
The meaning of life is clear,  
angel rectums must bleed forever

Onward with crucifixion  
One step closer to death
