

You Don't Rock Hard

Impaled Nazarene

Backbone of our scene
Kings of true morality
They know what is wrong
Tell you what you can listen to

Standing ovation
For our moral saviours
Pathos in its worst form
Isn't it time to quit

Must be hard to do your job
What bratwurst chokes you
Too tight lederhosen
Sauerkraut blues

Standing ovation
For our moral saviours
Pathos in its worst form
Isn't it time to quit

You don't fucking rock hard
Because you fucking are
You are so fucking happy it hurts

Suck hard

Debil and unstabil
Scheisse brains in control
Message here is loud and clear
You can fucking fuck off

You don't rock hard
You never did
