

Freakshow

Impellitteri

Welcome ladies and gentlemen
Welcome to the world of Hollywood
It's the land of opportunity
Be like the movie stars, rock stars
Play with the rich and famous
Party on the sunset strip, Hollywood Boulevard
The door is open, but remember folks
Once you enter, you never leave the freak show
I don't care what men may say, gonna' live life to the end
Addicted to love and the price of sex, headline news at ten
Hollywood life in the camera's eye, see my every move
Price of fame, living on the edge, hiding in the spoon
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
You know I never looked so good
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
I'm a superstar, tell me what you are
Everywhere they stop and stare, keep my privacy
Buying the lie, the loneliness, ragged magazine
Pressure rising, star machine, someone's keeping score
Shooting star gonna' crash and burn, check in Betty Ford
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
You know I never looked so good
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
I'm a superstar, tell me what you are
Freak show, freak show, livin' in a
[solo]
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
You know I never looked so good
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
You know I never looked so good
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
You know I never looked so good
Livin' in a freak show
Hot in Hollywood
Livin' in a freak show
I'm a superstar, tell me what you are
