

# Holding On

Impellitteri

There once was a time, when I knew you were mine  
There was never a doubt or fear  
Now I wonder inside if you're living a lie  
What I'm seeing is not too clear  
Looking at signs that are plaguing my mind  
When are you gonna see?  
I'm climbing the walls, I give you my all  
You mean everything to me

I keep holding on to you, I'll keep holding on forever  
Holding on to you

Maybe I'm blind or you're just being kind  
It's killing me can't you see?  
There's a storm inside and you're drawing the line  
You're pushing away from me  
Let the lightning strike, I'm not gonna fight  
Is this how it's gonna be?

I keep holding on to you, I'll keep holding on

If I crash into the ocean, I will sail across the sea  
I would climb the highest mountain, if it brings you back to me  
I will tear down every stone wall, I will set your mind at ease  
I will conquer every burden, just to set your spirit free

I know your searching, but I'm holding on to you

I keep holding on, I'll keep holding on

If I crash into the ocean, I will sail across the sea  
I would climb the highest mountain, if it brings you back to me  
I will tear down every stone wall, I will set your mind at ease  
I will conquer every burden, just to set your spirit free
