

# Kill the Beast

Impellitteri

I see the world hanging on the edge  
Slipping closer to the endless void  
Every day they draw you in  
Those dark spirits from the netherworld  
The moon is rising in the midnight hour  
That's when evil strikes with all its power

Come to me and I'll set your spirit free  
When the darkness surrounds you  
Close at hand  
When the demons call your name  
Face your fear  
Kill the Beast!

You start to shiver and you can't resist  
You're just a mortal and you want to live  
Imaginations got you terrorized  
The hounds of hell have got you paralyzed

Come to me and I'll set your spirit free  
When the darkness surrounds you  
Close at hand  
When the demons call your name  
Face your fear  
Kill the Beast!

In the end it is you  
Follow shadows that lead the way  
In the dark it is you  
Step away from the ghoulish grave  
I can hear that you're crying  
And I know you're afraid  
But a new day is dawning  
And the sun will soon rise again

Face your fear  
Kill the Beast!  
Face your fear  
Kill the Beast!  
Kill the Beast!
