

Propaganda Mind

Impellitteri

Fat cat in a suit A fist full of loot Making claims we don't understand
Got the money, the power Took a greenback shower Broke your law
cause your more than a man You're tax exempt a D.C. pimp
Another whore for the man of the hill We choke on your lies
You've got thin alibies And that smirk on your face makes us ill

I won't believe anything I see I know in my mind what's wrong
and what's right I won't be your feed you're a puppet on a string
And I won't spread your lies or feed You're propoganda mind
Propoganda mind

Million dollar tan Pearly whites and a price is right smile
Your talk equals shit and it's really unfit But your twisted tongue
stretches a mile So quick to condemn while you get every whim
And send us to our very own grave So speak up talk to me
You own every TV but I won't be your personal slave

I won't believe everything I see I know in my mind what's wrong
and what's right I'm not your thing your puppet on a string
And I won't spread your lies or feed You're propoganda mind
Propoganda mind Propoganda mind Propoganda mind

So don't believe everything you see I know in my mind what's wrong
and what's right I'm not your thing your puppet on a string
And I won't spread your lies or feed

Their propoganda mind Propoganda mind Propoganda mind Propoganda
a mind Propoganda mind Propoganda mind Propoganda mind
