

## Evil

### Impending Doom

When everyone around you is on the attack, you need to step up  
and fight your way back.

There are too many victims who could have a chance.

If we confront the cowards, we all make a stand.

Evil men must never advance. Real men must defend the innocent.

Bullies and thugs and cowards and losers. Gutless and spineless  
, the weakest I've seen.

People of God, you know who you are. Live up to the standard that's shown by the King.

I will not stand for this.

I will not stand for this.

If you hurt the weak, you just became an enemy to me.

If you hurt the weak...

If you hurt the weak, you just became an enemy to me.

You live your life by violence.

I promise, your blood will be in the streets... in the streets.

We will not take defiance. I swear that we will take on the giants.

We will not back down and we will never surrender.

Evil men must never advance. Real men must defend the innocent.

I won't stand for this... I won't stand for this...

I won't stand for this... I won't stand for this hate.
