Satanic Panic

Impending Doom

The noose gets a little tighter and tighter and tighter
The noose gets a little tighter and tighter
Yeah!

The noose gets a little tighter and tighter and tighter
The noose gets a little tighter and tighter
Yeah!

We live in a world, 666 sadistic
Narcissistic to the fullest
Praying on the innocent
Demon in a suit
Devil in a dress
There will be violence

Satanic panic!
The noose gets a little tighter
Satanic panic!
Everyday gets a little closer
Satanic panic!
The noose gets a little tighter
Satanic panic!
Everyday gets a little closer

You will feel the wrath of God
When we watch the noose drops
Vengeance is his name
Vengeance is his name

We live in a world, 666 sadistic
Narcissistic to the fullest

Satanic panic!
The noose gets a little tighter
Satanic panic!
Everyday gets a little closer
Satanic panic!
The noose gets a little tighter
Satanic panic!
Everyday gets a little closer

[?] windows to your soul
[?] caskets full of ghouls
Come out of the shadows and meet your reaper
I'm your doomsday preacher
Come out of the shadows and meet your reaper
I'm your doomsday preacher
Go!

I'm your doomsday preacher
You've been warned!

I will burn your unmarked grave
This is a funeral for evil
Panic!...
