

## Drown

### Imperative Reaction

Your words disguise what you're feeling now  
But I've seen that look in your eyes before  
Though you don't want to admit it to me  
I feel the disappointment I have caused you

If I drown  
Please know it's not your fault  
There was no way you could save me from myself  
If I drown  
Please know it wasn't you  
I was the one who walked away from your help

I know it's been years of empty promises  
I wanted to follow through i wanted to be more  
Though you don't want to admit it to me  
You can't look at me in the same light anymore

If I drown  
Please know it's not your fault  
There was no way you could save me from myself  
If I drown  
Please know it wasn't you  
I was the one who walked away from your help

If I drown  
Please know it's not your fault  
There was no way you could save me from myself  
If I drown  
Please know it wasn't you  
I was the one who walked away from your help

If I drown  
Please know it's not your fault  
There was no way you could save me from myself  
If I drown  
Please know it wasn't you  
I was the one who walked away from your help
