

# Mistress

Imperia

Dreaming  
Dreaming

You are all mine this night  
You are my tool to please me  
And all I want, whip me, use me  
And all I want, whip me, use me

But I'm just dreaming  
When I open my eyes  
I see I'm just dreaming  
When I open my eyes

My master, I beg you  
I will be good okay  
And do as you please

Do you know what you will do?  
All I see is dark  
But I feel, oh God I feel  
Rip my wings so I can't fly  
As you enter inside me

And I'm just dreaming  
When I open my eyes  
I see I'm just dreaming  
When I open my eyes

My master, I beg you  
I will be good okay  
And do as you please

My master  
When you're done with me  
I will turn into your mistress

Harder, even harder  
Faster, faster  
I want more

But I'm just dreaming  
When I open my eyes  
I see I'm just dreaming  
When I open my eyes

My master, I beg you  
I will be good okay  
And do as you please

My master  
When you're done with me  
I will turn into your mistress

It would be nice  
Come here my slave  
Make me feel, my slave
