

The river of tears I swim in  
and all sadness and hopelessness  
all dreams drown  
in my river of tears  
someone save me  
hear my cry (hear my cry)

Starlight, guide me the way  
starlight, guide me the way  
(survive in peace and harmony)  
to peace and harmony  
(survive in peace and harmony)

Release me from this pain  
please let show  
before I disappear (disappear)  
before I disappear (disappear)  
into nothingness.

Starlight, guide me the way  
starlight, guide me the way  
(survive in peace and harmony)  
to peace and harmony  
(survive in peace and harmony)

Release me from this pain  
guardian angel, where are you now  
now that I need you,  
my guardian angel, where are you.

Starlight, starlight,  
Starlight, guide me the way  
starlight, guide me the way  
(survive in peace and harmony)  
to peace and harmony  
(survive in peace and harmony)

Release me from this pain
