

Facing The Nails

Impious

Crosses rising on top of Golgotha
Lonely, helpless, gathering what's left...
of nothing

Nothing shall stop this death of Christ
Betrayed, the pain grows deep inside

Flowing blood caused by the crown
Flowing tears caused by failure
The dreams are past
and the future is here
Face the message:
NAIL UP THE FUCKING SAVIOUR !

Drown in deep depression,
as you are left to die !

Naive thoughts that God
would be there for you...
Ha... you have carried the cross
and now you're upon it
Let the sacrifice begin!

Violent screams of torment,
this is the end and it's dark within
Bringer of light,
where is your holy gift now?
Bleeding, crying,
forget the thoughts of rising

Behold the dark flowing blood
Fearing that you have failed...
in the name of God

Flowing blood caused by the crown
Flowing tears caused by failure
The dreams are past
and the future is here
Face the message:
NAIL UP THE FUCKING SAVIOUR !

Long hurting nails
are forced into the flesh
There will not be a rebirth
for your soul

Suffer...
To be tortured...
Die and you will see!
