# Holy Murder Masquerade

**Impious**

A divided soul in pain,
Scarred for life, forever damned.
Haunted by demons --
A lifetime as prey.
40 Years of nightmares and unable to scream
Searching for a way to slay without disgrace
Now I know the answer:
Holy Murder Masquerade.
Now I know the answer:
Schizophrenic getaway.
Bitter sweet solution.
No more of hell's illusions.
Now I know the answer!
On a quest for vengeance
To find an end
And now the time is here
To rip the holy face.
Now I know the answer:
Holy Murder Masquerade.
Now I know the answer:
Schizophrenic getaway.
Bitter sweet solution.
No more of hell's illusions.
Now I know the answer!
Wearing a mask of flesh
Stripped, skinned from Jesus' face
Fighting inner demons
To overcome a fear to kill.
Now I know the answer:
Holy Murder Masquerade.
Now I know the answer:
Schizophrenic getaway.
Bitter sweet solution.
No more of hell's illusions.
Now I know the answer!
(What a dream...A vision so clear. Now I know...Now I know the answer!)
