

## Cold & Empty

### In Dying Arms

Never again will I fall into your arms  
The sweet seduction that tore my soul apart  
You stole my pride  
You took my innocence  
To climb your way to the top of the mountain of shame

Never again will I fall

Into your condescending eyes  
Buried behind a masquerade  
Captivating what is left of me  
Sinking deep  
I'll have you scream my fucking name

You found lust in the enemy  
You only have yourself to blame

It's never ending  
So cold and empty  
You kill me slowly  
Until I'm nothing

You're intentions are blind  
But you catch me down every time  
You're intentions are blind  
And I catch myself asking

Why'd you have to give yourself to me?

It's never ending  
So cold and empty  
You kill me slowly  
Until I'm nothing

Take what you want from me  
Until I'm nothing  
My soul, my sanity  
Until I'm nothing

It's not my fault that you want me dead  
With red hands I lie to your face  
It's not my fault that you want me dead  
I can't escape what lives in my head
