

This Corrosion

In Extremo

Gimme the ring, kissed and told
Gimme something that I missed
A hand to hold, wild and what it seems
Kill the king, when love is the law
And the we`ll turn round
Gimme dream child
And do you hear at all?

Hey now, hey now now, sing This Corrosion to me
Hey now, hey now now, sing This Corrosion to me
Hey now, hey now now, sing This Corrosion to me
Hey now, hey now now.

On days like this
In times like these
I feel an animal deep inside
Well, what do you say
Living on if and if I tried
Somebody got a song for me

Hey now, hey now, hey now ...
I got nothing to say I ain`t said before
I bled all I can, I won`t bleed no more
I don`t need no one to understand
Why the blood run hold the highered hand
On heart
Hand Of God
Floodland and Driven Apart
Run cold
Turn
Cold
Burn

(Hey now, hey now now) ... Like a healing hand
(Hey now, hey now now) ... Like a healing hand
(Hey now, hey now now) ... Like a healing hand
(Hey now, hey now now) ... Like a healing hand
