

Son of a Witch

In Hearts Wake

Bring me back down
Bring me back down
Bring me back down
And save me from this hell
Burn!

So are you listening cause I've got something to say
About every single person that got cut it in the face
Im wearing a brave face bruised getting harder to take the blame
Force me in two battered and bruised
Consequences of a power misused
I'm trying to move from there but everything's going up in flames

If only I could save you
Wheres the change that reelect
Bring me back to life
Now I'm letting go of the world I know
Help me shine some light
I need gravity
So bring me back down, bring me back down
I need gravity
So bring me back down and save me from this hell

So back up back up
Listen and learn
Those twisted dark days must never return
I'm trying to scream out but its getting harder to breathe the air
Why don't you step up, step up
To the funeral parlor is the face that you will see really worth if you fall
I'm holding my hand out but there's no one fucking there

If only I could save you
Wheres the change that reelect
Bring me back to life
Now I'm letting go of the world I know
Help me shine some light
I need gravity
So bring me back down, bring me back down
I need gravity
So bring me back down and save me

You walk through fire but you never learn
One step past the point of no return
You walk through fire but you never learn
One step past the point of no return
You walk through fire but you never learn
You're one step past the point of no return
You walk through fire but you never learn
I'm a son of a witch you failed to burn
I'm a son of a witch you failed to burn

Wheres the change that reelect
Bring me back to life
Now I'm letting go of the world I know
Help me shine some light
I need gravity
So bring me back down, bring me back down

I need gravity
So bring me back down and save me from this hell
Save me from this hell
