

Waifs 'n Strays

In Legend

Waifs and strays - don't let them get you
Live your life as who you are!
Homeward bound - our endless journey
A sidewalk's life on civil ground

Never cared for the things they hide behind their soaring walls
Ain't no place worth a living room when living's safe but small

Life betrays
Those who pray
But fail to play

Come home!
Come back to where you belong!
Cast your lot with the people you love
And share -
No matter where you're from!
No matter where you're from!
Come home!
...

You can take my word for it!
Come back to where you feel loved...

Come home!
...

Never cared for the things they hide behind their soaring walls
Ain't no place worth a living room when living's safe but small

Come home!
...

Come back to where you belong...
Come home - to me
Come back to where you feel loved
Come back to where you belong
Come back to me -
Come home!

Come home!
...

Never cared for the things they hide behind their soaring walls
Ain't no place worth a living room when living's safe but small

Life betrays
Those who pray
But fail to play
