

Like You

In Stereo

Well, they told me not to fall in love
But I messed up, guess I messed up
I've, had my fair share of broken hearts
And broken trusts, I had enough

Until I found you in that dress
New sensations in my chest
I knew you were something special
I hope that I can pass your test
I'm half empty, you fill the rest
Girl you know you're something special

Feels like I've been waiting eternities for somebody like you, like y
ou
The scent of you is stamped on my body visible like a tattoo, a tatto
o
If time wasn't existent we wouldn't have been so distant, it's true,
yeah it's true
It feels like I've been waiting eternities, there's nobody like you,
like you

Now, it feels like everything is falling into place
I've never felt this way
I hope this never ends, every time you move you cause my heart to rac
e
I was lost in space

Until I found you in that dress
New sensations in my chest
I knew you were something special
I hope that I can pass your test
I'm half empty, you fill the rest
Girl you know you're something special

Feels like I've been waiting eternities for somebody like you, like y
ou
The scent of you is stamped on my body visible like a tattoo, a tatto
o
If time wasn't existent we wouldn't have been so distant, it's true,
yeah it's true
It feels like I've been waiting eternities, there's nobody like you,
like you

Like you
