

I Surrender

In Strict Confidence

On the black mountain
The snow is burning
And Streams of ashes
Are floating down.
Against the wild wind
I carry the white flag.
Lost is my kingdom
Lost is my crown

I Surrender - Take my romance!
I Surrender - Take control!
I am defeated!
Help me Jesus!
Love's the beast that killed my soul

You are my
Silver ray of dawning
Saving me from
Midnight blue
But a blind man's trust
Was built on dust
As never a single
Word was true

I Surrender
Take my romance
I Surrender
Take control
I am defeated
Help me Jesus
Love's the beast that killed my soul

I Surrender
I Surrender
I am defeated
Love's the beast that killed my soul

I Surrender
Take my romance
I Surrender
Take control
I am defeated
Help me Jesus
Loves the beast that killed my soul

I Surrender
Take my romance
I Surrender
Take control
I am defeated
Help me Jesus
Love's the beast that killed my soul
