

# Way Of Redemption

In Strict Confidence

Hit me in the face  
Gore my inner grace

It comes down to this  
Smash up all my anguish

Maybe I should  
Let this thing slide  
Maybe I should  
Hold on this might

Everything I do  
Everything I see  
Is no part of me  
Is no part of me

Horsed combat  
Horrible disgrace  
Where's the end  
Where's my redemption

Everything I do  
Everything I see  
Is no part of me  
Is no part of me
