

... And This Is How I Met Tyler Durden

In The Eyes Of a Mistress

All you ever do is lie
And every day, it's all the same and
Nothing ever seems to change
The only thing I can thank you for is
All the dome you gave me
You worthless fucking bitch
Everything you ever did was fake
You weren't even that cute in the first place
How could you think I wouldn't
Catch on to your lies
You think you're sly
Come on, let's keep this professional
Not let our feelings grab a hold
Look at us, breaking all the rules
We have everyone fooled
Too bad the only fool is you
If only we had done what we wanted to
Throw you both out in the cold
Leave your body for the wolves
You're such a dirty girl
Full of dirty little holes
We'll leave your lifeless body
For the wolves
All you did was lie, all you did was lie
All you are is a fucking liar
And everyday it's all the same
Nothing ever seems to change
But now you're gone and we've moved on
You sent this friendship up in flames
