

Desperate Dance

In the Valley Below

You're wound up
Crazy eyes
Can't help but
Fantasize
She's not free
But that's alright
It's a dangerous appetite
Blindfolded spun around
She's got you crawling on the ground
Her snakebite will pull you down
To the red lights
In this town

It's a Desperate Dance
Do it now or never
Its a Desperate dance
Time to pull the trigger
It's a desperate dance
Your chance is now to shake your feathers
It's a Desperate Dance
Desperate Dance

In the fade
The lights go out
Get lost in the
Hungry crowd
Bodies pressed
You bounce and sway
Sweat slides across your face

It's a Desperate Dance
Do it now or never
Its a Desperate dance
Time to pull the trigger
It's a desperate dance
Your chance is now to shake your feathers
It's a Desperate Dance
Desperate Dance

Then you lose your head
Then you lose your head
Lose your head
Lose your head

It's a Desperate Dance
Do it now or never
Its a Desperate dance
Time to pull the trigger
It's a desperate dance
Your chance is now to shake your feathers
It's a Desperate Dance
Desperate Dance
Desperate Dance
Desperate Dance
