

## Cult of Shining Stars

In The Woods...

Storm cloud portal  
Take us to another place  
To another mind, another way  
A different time and space  
Kaleidoscopic tunnel  
Sounding metronomic tones  
Thunder crack and lightening black  
Onto twilight zones  
Pyramidic structures  
Trace magnetic lines  
Following the solar wind  
To tombs of distant times  
Geomantic paths  
To corners of the Earth  
The cult of shining stars  
Sing mantras of rebirth
