

# Bones

## In This Moment

I've been waiting on my grave  
Waiting for you to rescue me my love  
Come back from the dead  
You're the better heart  
And the perfect scar  
I said love  
All the hurt I need

There's just something about you  
Appease the addict in me  
I promised you that I'd hurt you...

You are my god  
You are my soul  
You are my savior  
In a devil's robe  
And I can't exist without you  
I can't exist without you

You are my drug  
My miracle  
You are my cure  
In this infected world  
And I can't do this without you  
I'm dying here without you

I wanna lie with your bones forever...

Smear my lipstick across my face  
Wipe off all these lies for me my love  
Don't need what you see  
Kiss my wrists  
You're killing me  
You're my pill  
You're everything I need...

I'm running circles around you  
Your skin is under my knees  
I don't belong here without you...

You are my god  
You are my soul  
You are my savior  
In a devil's robe  
And I can't exist without you  
I can't exist without you

You are my drug  
My miracle  
You are my cure  
In this infected world  
And I can't do this without you  
I'm dying here without you

I wanna lie with your bones forever...

You are my star

I'm in your veins  
You're all I have  
I serenade your name  
Now you can't exist without me  
You are my god...

You are my god  
You are my soul  
You are my savior  
In a devil's robe  
And I can't exist without you  
I can't exist without you

You are my drug  
My miracle  
You are my cure  
In this infected world  
And I can't do this without you  
I'm dying here without you

I wanna lie with your bones forever...
