

Sex Metal Barbie

In This Moment

Excuse me, can you tell me what you've heard about my life
Maybe a gaudy little fairy tale, a girl of the night
I've heard that, I grew up salty, a trend of a queen
A fucked up pregnant statistical teen

I know you've heard about the bloody nights
About my daddy's perfect version and my mother is white

I heard I don't belong in this game
Still you hold your head, screaming my name, let's go

Baby go ahead, I'll be your hatred and your pain
This is killing us all, I don't care if I fall
With the dirt in we all could die

Baby go ahead, I'll be the... that you can blame
I'll be the... barbie, the rust in us all
The team I have to tame

I heard I don't belong in this game
Sex metal barbie, homicidal queen

Excuse me, can you tell me what was seen you hard about me
Maybe that I'm a little harlot, homicidal queen
You know I heard that I don't belong in this scene
Sex metal barbie, attention fiend
You know I heard that I'm a hater's dream
No class, white trash, I'm so obscene
You know I heard that I should be ashamed
Til they hold... here they are screaming my name

Baby go ahead, I'll be your hatred and your pain
This is killing us all, I don't care if I fall
With the dirt in we all could die

Baby go ahead, I'll be the one that you can blame
I'll be the badass barbie, the rust in us all
The team I have to tame

I heard I don't belong in this game
Sex metal barbie, homicidal queen

So go ahead, I'll be your hatred and your pain
This is killing us all, I don't care if I fall
With the dirt in we all

Baby go ahead, I'll be the one that you can blame
I'll be the badass barbie, the rust in us all
The team I have to tame
