

# You're Gonna Listen

## In This Moment

I'm so glad that you're here  
I'm so glad you crawl this road  
It's so sweet how you care

I bet you pray for your shot  
Oh

No!  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
You're gonna listen to what I say next time  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut your fucking lifeless life at once!

You're kind that you feel  
Through your race I can be saved  
You embrace my decay  
Maybe that I once signed my name

No!  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
You're gonna listen to what I say next time  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut your fucking lifeless life at once

Shut! Shut! Shut! Shut, shut the fuck up!  
Shut! Shut! Shut! Shut, shut the fuck up!  
Shut! Shut! Shut! Shut, shut the fuck up!  
You're gonna listen this life is mine!

NO!  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
You're gonna listen to what I say next time  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut up, shut up, shut up  
Shut your fucking lifeless life at once
