Oh my god
Must be magic or I'm not blond
High heels on
I'm electric, tonight it's happening
Ladies
Tonight we going in
Ladies
Get in my brand new Mercedes
Don't be late, this is the hour
We're the saviours

YA, TADA
Calling Astrid and Carola
YA, TADA
Scandinavian Conglomerate
TADA
Tell the barman, get the goose out
Vodka shots are us, turn up the music
Let's get loose now

Haters gonna hate us
We can buy them with champagne
And if they don't want to sit with us
We'll send over more shots
Pop another bottle
Start a fire, make it rain
Eventually everybody will be rooting for us
Tragic?
I don't think so
Traumatic?
Call your shrink and
Get in on Monday morning
Right now, drink and join the party
