

# Antichrist

Incendiary

You're a two-faced liar  
A demon in a three piece suit  
Your life's a fucking charade  
Preaching an agenda of ignorance and hate

You're the real enemy of the state  
You're the real enemy of the state

Your ignorance and your lies  
Spreads like a cancer infecting our youth  
You pray on the poor, the misinformed  
With an agenda of hate and bigotry

Not anymore!

And now motherfucker, the world is at a better place

As you lay six feet under rotting away in your own filth

The time is now  
The time is now  
The true antichrist has finally fallen!  
The true antichrist has finally fallen!
