

Absent In Spring

Incognito

Sometimes I wonder if I'm losing my mind
The grace of your love becomes harder to find
More often than ever, on days like these
The taste of your love, I just cannot appease

As time races by, sunrise to sundown
I'm caught in between my two solitudes
Over and over, over and over again

Imagine a world where blossoms were absent in spring
The birds and the bees gone missing, absent in spring
You stole the hope and all that I feel by not returning
Ended my dreams by bein' absent in spring, yeah

I'll be glad when it's over and back on my feet
The life that I care for, not part of the grind
I pray for the answer, I wish that I knew
It's so sad, I swear, what tore us apart?

As time races by, sunrise to sundown
I'm caught in between my two solitudes
Over and over, over and over again

Imagine a world where blossoms were absent in spring
The birds and the bees gone missin', absent in spring
You stole the hope and all that I feel by not returning
Ended my dreams by bein' absent in spring, yeah

Here I am, all on my own again (All on my own)
Here I am, all on my own again (On my own again)
Here I am, all on my own (I am on my own)
I'm here on my own

Imagine a world where blossoms were absent in spring
The birds and the bees gone missing, absent in springtime
You stole the hope and all that I feel by not returning
Ended my dreams by being absent in spring, yeah
